

We are very excited to announce our free, inaugural event,
“*SECOND SUNDAY*,” at the National Historic Landmark,
Fenway Studios.....and YOU are invited!

WHEN: September 11th, 2016 2pm – 4pm

WHERE: 30 Ipswich Street, Boston

DIRECTIONS: <http://fenwaystudios.org/directions.php>

Built in 1905, Fenway Studios is the oldest, ‘purpose built’ building in the United States designed and constructed exclusively as work and living space for artists. The forward-thinking architecture of Fenway Studios provides each of the 46 studios with 12 feet high, north facing windows.....thus capturing the most pristine light by which the artists create.

You will enjoy walking down the 111 year old wooden hallways as you visit the unique studios of six gifted, diverse, and amicable artists as you view paintings they are working on, as well as finished pieces for sale.

We look forward to meeting you, and please extend this invitation to your friends and associates.
