Fenway Studios, constructed in 1905, is the oldest purpose built structure in the country designed solely for an artist’s optimum work and residential space.

The Fenway Studios artists work in a variety of styles from portraiture, to abstract expressionism, to printmaking, and decorative art, to realism, as well as postmodern realism, and other modes and styles; additionally, some Fenway Studios artists are art conservators and restorers.

If possible, to support our Annual Food Drive to benefit the Greater Boston Food bank, Please bring a non-perishable food item(s) during our Open Studio weekend celebration.
